FRIENDS OF NORTHCLIFFE

Saturday 26

January

1-3pm

Northcliffe Woods

Come along to our bird feeding area to see the birds and be part of the world's largest wildlife survey! Experts will be on hand to help identify the birds and provide advice about how to attract birds to your garden. Refreshments, bird food and RSPB sales goods will be available.

The bird feeding area is situated adjacent to Northcliffe Woods, between the lower and upper allotments. Just follow the birdies and RSPB signs!

In association with the Airedale & Bradford Local Group of RSPB
